Duration: 16 h

Description

During this day trip from Levi, you will travel all the way to Arctic Ocean in North Norway to go on a famous KingCrab safari, see Norwegian Fjords, get a taste of a life of Norwegian fisherman, savor a freshly caught and prepared king crab for dinner. After we arrive to the Arctic Ocean, we will stop at the peer of the Northern never-freezing fjord. After a briefing about safety rules at sea we will put on the warm floating suits, board on a fisherman's boat and go out on a cruise in the open fjord. When we reach the fishing grounds your captain will lift a big crab pod from the sea bottom full of crabs and release them on the deck. Captain will explain the difference between male and female, and if you're lucky you can taste crab caviar. You can also try deep-sea angling from the boat at the same time. The King Crab House is a unique restaurant, which offers the opportunity to have king crab straight from the aquarium. The meat is local, and the vegetarian raw materials are partly collected from the wild in the area. The restaurant is situated in the heart of Levi by the pedestrian zone in the middle of the town.

Ämmilä

Restaurant Ämmilä offers traditional local food with a modern twist since 2007. Over the years, the restaurant has become famous for its honest and authentic Laplandic à la carte menu as well as its home-cooked lunch buffet. The à la carte menu is based on guaranteed clean and excellent raw goods from producers in the nearby areas.

Pihvipirtti

Since Valentine's Day 1999, this homely restaurant has been a sanctuary for those who love an honest steak. But Pihvipirtti is not famous only for the delicious steaks. The dinner starts with an appetizing cold buffet including fish and seafood selection and ends with mouth-watering home-made pannacotta. The most important part of the dinner, the steak served with sauce and potatoes on side, can be chosen from two sizes and different meats.

Restaurant Utsu

Levi Igloos Golden Crown's popular Restaurant Utsu is in the glass igloo village on the top of the Levi fell. The restaurant is in two floors and atmospheres. The upper floor offers a glass roof restaurant where you can enjoy your dinner on a bright evening under the stars and northern lights. On the ground floor you can enjoy your dinner intimately in the warm glow of the fireplace. Highly qualified restaurant is known for its Scandinavian kitchen, pure flavors and fresh high-quality raw materials. We prefer organic and local products.
